

WITH ACC FLEET SAVER, YOUR HEALTH AND SAFETY SYSTEMS CAN SAVE BOTH LIVES AND MONEY.

By applying for ACC Fleet Saver, you're letting everyone in your business know that you're putting their safety first. You could also save on downtime, fuel and infringements, and you'll pay lower ACC levies.

Your existing safety systems could mean you're already on your way to achieving ACC Fleet Saver accreditation.

ACC FLEET SAVER RECOGNISES AND REWARDS STRONG SAFETY PRACTICES.

If your fleet achieves the ACC Fleet Saver audit standard, it will gain a Bronze, Silver or Gold rating and the associated levy reduction and signage for your vehicles. Your fleet will get the public recognition and respect it deserves for playing a part in the overall safety of New Zealand's roads and workplaces.

If you want to be recognised as a business that puts safety first, be a part of ACC Fleet Saver.

THE MANY BENEFITS OF THE ACC FLEET SAVER PROGRAMME:

Life Saver

Every year, truck accidents result in serious injuries and deaths. ACC Fleet Saver provides the tools for you to create a safer working and driving environment.

Time Saver

Well maintained trucks reduce the chance of breakdowns, so they can spend less time off the road, and more time on it.

Money Saver

ACC Fleet Saver offers reduced ACC levies to fleets with high health and safety standards.

Health Saver

Good safety practices reduce workplace injuries and improve staff and drivers' overall well-being.

Fuel Saver

Safe driving habits can achieve a fuel saving.

By being accredited with ACC Fleet Saver, you'll demonstrate your trucks are the ones other people want to be around.
